

VinzaTools Tool Guide

Launch-ready quick guide for your users.

This document explains what each tool category does and how to use it in 2-3 steps.

Website: <https://vinztools.com>

Support: info@bluevinza.com | +92-341-2890356

1) PDF Tools

What they do: merge, split, compress, rotate, unlock/protect PDFs, and convert to/from Word, Excel, PPT.

How to use:

- Open a PDF tool (e.g., Merge PDF).
- Upload files or drag & drop.
- Click Process/Convert and download the result.

2) Image Tools

What they do: background remover, image compress, resize, convert JPG/PNG/WebP, image to PDF.

How to use:

- Choose an image tool (e.g., Background Remover).
- Upload your image.
- Preview the result and download.

3) Media Downloaders

What they do: download videos from YouTube, Instagram, TikTok, Facebook (where allowed).

How to use:

- Paste the video link.
- Click Fetch/Download.
- Select quality and save.

VinzaTools Tool Guide (continued)
